A little about us ...

Alpha Yachting is a Solent based skippered yacht charter specialist. The business, first established in 1994, is run by people with a passion for both sailing and the Solent.

We personally tailor days for Team orientated matched yacht 'mini' regattas and Corporate Hospitality. We also offer midweek and weekend sailing for friends, families, groups, and clubs.

You can choose from a variety of well equipped yachts from our base at Haslar Marina in Portsmouth Harbour. The yachts are also available from Lymington Yacht Haven and can be delivered to other Solent locations such as Hamble and Cowes on request.

Nick Davidson, the principal director of Alpha Yachting Ltd, has been in the Sailing Industry since 1991, working firstly as an instructor then as a skipper of private yachts in the Mediterranean and the Solent before setting up a yacht charter business in 1994 for those in the Lloyd's Insurance Market. After ten years of sailing throughout the summer with regular Clients and Companies, many of whom return year after year, there was a need to take on more yachts, and so in the spring of 2003 Nick incorporated the business into Alpha Yachting Ltd. Since then, over 900 successful sailing days have been run by Nick and his team of experienced skippers, all of whom hold a minimum of the RYA commercially endorsed Yacht Master Licence.

All of us at Alpha Yachting benefit from extensive local knowledge having lived and worked within the Solent for many years. We understand and value the importance of your business and strive to maintain our reputation for delivering great days out on the water, competitively priced, well organised, friendly and fun!
