A quick note of thanks to your skippers Graham and Drew - I was fortunate enough to be a guest on your SO43's and the 2 skippers, whilst somewhat different in individual style, were first class. - Marsh

Just to let you know that the sailing was fabulous earlier this week. Feedback on the day and testimonials since have been that this has been some of the best corporate hospitality that the brokers have had. We had a great time which to a great extent was down to John, who is a great skipper and great company., truly a superb advert for your operation. - Aon ltd

Sailing was excellent, personally that was one of the best days I have had with good favourable winds both to and from Cowes. - Chubb Insurance

The whole day was little short of perfect. I really don't think the day could have been bettered. Weather was just right, John the skipper had a fantastic relaxed style, food and drink was plentiful and of good quality. You and your team made it feel as though this was a special day for you as well as your guests. Our guests had a superb time. No suggestions for improvement. Will almost certainly do same next year possibly with extra boat(s) - Teceris Adjusting
